Dial by your location

- +1 669 900 6833 US (San Jose)
- +1 346 248 7799 US (Houston)
- +1 253 215 8782 US (Tacoma)
- +1 312 626 6799 US (Chicago)
- +1 929 205 6099 US (New York)
- +1 301 715 8592 US (Washington DC)

Meeting ID: 898 0011 6299

Passcode: 433368

To join the Zoom meeting, from your computer, follow this link or type this into your browser:

Join Zoom Meeting

<https://us02web.zoom.us/j/89800116299?pwd=WjQxNFNXU1ZPeWxNOFVFN0R6b1A1QT09>

Follow all prompts to run the Zoom software. We recommend you begin this process at least 15 minutes prior to the start of the Board meeting. Once you have successfully joined the meeting, you will be in the waiting room until the meeting begins.

The Rules for Conduct remain intact. If, after reviewing the agenda, you have any questions or comments, you may email your questions/concerns to rsartsboardmembers@gmail.com. Your email will be reviewed by the Governing Board as part of the board correspondence.

If during the meeting you wish to comment, you will need to raise your hand and wait to be recognized. At that time, your microphone will be unmuted and you will be permitted to address the Board.

This meeting will be audio and video recorded.

Meeting called to order by Presiding Officer

Roll Call/Establish Quorum:

Jean Hatch, President	_____	Heather Wright, Vice President	_____
Lisa Stewart, Treasurer	_____	Jonathan Sheldon, Secretary	_____
Andrew McCurdy, Community Member	_____	Daria O'Brian, Community Member	_____

Additional Non-Voting Participants:

Lane Carlson, Executive Director	_____	Margaret Johnson, Outgoing Executive Director	_____
Carol Wahl, Principal	_____	Wendy Sanders, Special Ed Director	_____
Sophia Zaniroli, Staff Liaison	_____	Business Service Provider	_____

Open Session: 5:30 p.m.

Adjourn to Close Session 5:40 p.m.

- Conference with Legal Counsel — Anticipated Litigation (Gov. Code section 54956.9(d)(2).): (1)

Open Session 6:00 p.m.:

Report on Closed Session

Governing Board Correspondence:

Public Forum:

Hearing of persons desiring to address the Board on a subject NOT covered in this agenda. NOTE: 1) Individual speakers will be allowed three (3) minutes to address the Board. The Board President may further limit the speaking time allowed in order to facilitate the progress of the meeting. 2) Complaints presented to the Board must not involve specific reference to employees. Citizens should contact the Director for complaint procedures regarding employees. 3) A charter school cannot take action on a matter that has not been placed on the official agenda. (G.C. 54954.2).

Call for Requests from the Audience to Speak to Any Item on the Agenda:

REGULAR AGENDA

The regular agenda includes those individual items to be discussed by the Board. Some of those items may also require action or approval by the Board. Members of the public will have the opportunity to address the Board on any item at the time that particular item is discussed by the Board, and prior to any action taken by the Board. Individual speakers will be allowed three (3) minutes to address the Board.

Discussion/Action Agenda

General Reporting

- 1.1 Discussion: Review of RSA In-Person Learning Plan – Face Coverings

Meeting Adjournment:

Next Regular Meeting:

Date: Tuesday, March 8, 2022
Time: 5:45 p.m.
Location: Redding School of the Arts/Room 21
955 Inspiration Place
Redding, CA 96003

**Redding School of the Arts, Inc.
California Not for Profit Corporation**

General Reporting

SUBJECT: Agenda Item 1.1 – Review of RSA In-Person Learning Plan
– Face Coverings

PREPARER: Lane Carlson/Margaret Johnson

RECOMMENDATION: Discussion

BACKGROUND:

The Governing Board will review RSA’s In-Person Learning Plan as it relates to “Face Coverings.”

FACE COVERINGS

Masks are **required for all individuals** in the following indoor settings, regardless of vaccination status:

- On [public transit\[1\]](#) (examples: airplanes, ships, ferries, trains, subways, buses, taxis, and ride-shares) and in transportation hubs (examples: airport, bus terminal, marina, train station, seaport or other port, subway station, or any other area that provides transportation)
- **Indoors** in [K-12 schools\[2\]](#), [childcare\[3\]](#)
- [Emergency](#) shelters[4] and [cooling centers\[5\]](#)
- All students must wear face coverings when inside the building.
- A face covering should be removed for meals, snacks, naptime, or organized outdoor lessons.
- RSA will provide a face covering to students who inadvertently fail to bring a face covering to school to prevent unnecessary exclusions. RSA will offer alternative educational opportunities for students who are excluded from campus.
- Any adults on campus must wear a mask when inside of the building.
- **In limited situations where a face covering cannot be used for pedagogical or developmental reasons, (e.g., communicating or assisting young children or those with special needs) a face shield with a drape (per [CDPH guidelines](#)) can be used instead of a face covering.**
- *Talking to kids about face coverings.* Resource link.

Exemptions to masks requirements

Per [CDPH Guidance for the Use of Face Coverings](#) exemptions to mask requirements include:

- Persons younger than two years old. Very young children must not wear a mask because of the risk of suffocation.
- Persons with a medical condition, mental health condition, or disability that prevents wearing a mask. This includes persons with a medical condition for whom wearing a mask could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a mask without assistance.
- Persons who are hearing impaired, or communicating with a person who is hearing impaired, where the ability to see the mouth is essential for communication.
- Persons for whom wearing a mask would create a risk to the person related to their work, as determined by local, state, or federal regulators or workplace safety guidelines.
- **Masks are optional outdoors for all in K-12 school settings.**

Universal masking indoors in K-12 schools is recommended by the [American Academy of Pediatrics](#) and by the [CDC](#) in their Guidance for COVID-19 Prevention in K-12 schools (updated July 27, 2021).

Board Approval 8/10/21

Revised 12/14/21

Changes Taking Effect February 16, 2022:

- Universal masking shall remain required in only specified settings.
- Only unvaccinated persons are required to mask in all Indoor Public Settings. Fully vaccinated individuals are recommended to continue indoor masking when the risk may be high.

Guidance For the Use of Masks

Background

COVID-19 cases and hospitalization are declining across the state. This is due in large part to the collective efforts of Californians to get vaccinated, get boosted, and wear masks.

A universal indoor masking requirement was reinstated on December 15, 2021, to add a layer of mitigation as the Omicron variant, a Variant of Concern as labeled by the World Health Organization, increased in prevalence across California, the United States, and the world and spread much more easily than the original SARS-CoV-2 virus and the Delta variant. Implementing the universal masking requirement in all indoor public settings during the winter season was an important tool to decrease community transmission during the highly infectious Omicron surge.

The current hospital census is still over capacity, but the dramatic surge in cases and hospitalizations due to the highly infectious Omicron variant over the last two months has declined significantly. Californians are also increasingly knowledgeable about how to protect themselves and their loved ones with effective masks when there may be risk of COVID-19 exposure. Accordingly, it is now appropriate for the universal indoor masking requirement to expire on February 15, 2022 as scheduled.

The COVID-19 vaccines remain effective in preventing serious disease, hospitalization, and death from the SARS-CoV-2 virus. Unvaccinated individuals are much more likely to become infected when compared to vaccinated and boosted individuals. Vaccination continues to remain the ultimate exit strategy out of the COVID-19 pandemic. While the percentage of Californians fully vaccinated and boosted continues to increase, we continue to have areas of the state where vaccine coverage is low, putting individuals and communities at greater risk for COVID-19.

A series of cross-sectional surveys in the U.S. suggested that a 10% increase in self-reported mask wearing tripled the likelihood of slowing community transmission.[1] Our recently published case-control study conducted in California from February 18 to December 1, 2021 demonstrated that consistently wearing a face mask or respirator in indoor public settings reduces the risk of acquiring SARS-CoV-2 infection. [2]

The masking requirement in California schools has allowed us to keep schools open when compared to other parts of the country. California accounts for roughly 12% of all U.S. students, but accounted for only 1% of COVID-19 related school closures during the Omicron surge. Nationally during the Delta surge in July and August 2021, jurisdictions without mask requirements in schools experienced larger increases in pediatric case rates, and school outbreaks were 3.5 times more likely in areas without school mask requirements.[3], [4].

Maintaining the masking requirements in other specified, high-risk settings continues to be consistent with CDC recommendations and allows us to protect our most vulnerable populations and the workforce that delivers critical services in these settings.

In workplaces, employers are subject to the Cal/OSHA COVID-19 Emergency Temporary Standards (ETS) or in some workplaces the Cal/OSHA Aerosol Transmissible Diseases (ATD) (PDF) Standard and should consult those regulations for additional applicable requirements.

Masking Requirements

Masks are **required for all individuals** in the following indoor settings, regardless of vaccination status. Surgical masks or higher-level respirators (e.g., N95s, KN95s, KF94s) with good fit are highly recommended.

- On public transit[5] (examples: airplanes, ships, ferries, trains, subways, buses, taxis, and ride-shares) and in transportation hubs (examples: airport, bus terminal, marina, train station, seaport or other port, subway station, or any other area that provides transportation)
- **Indoors** in K-12 schools[6], childcare[7]
- Emergency[8] shelters and cooling and heating centers[9]
- Healthcare settings[10]
- State and local correctional facilities and detention centers[11]
- Homeless shelters[12]
- Long Term Care Settings & Adult and Senior Care Facilities[13]

Additionally, masks **are required* for unvaccinated individuals** in indoor public settings and businesses (examples: retail, restaurants, theaters, family entertainment centers, meetings, state and local government offices serving the public). Fully vaccinated individuals are recommended to continue indoor masking when the risk may be high. Surgical masks or higher-level respirators (e.g., N95s, KN95s, KF94s) with good fit are highly recommended.

See State Health Officer Order, issued on July 26, 2021, for a full list of high-risk congregate and other healthcare settings where surgical masks are required for unvaccinated workers, and recommendations for respirator use for unvaccinated workers in healthcare and long-term care facilities in situations or settings not covered by Cal OSHA ETS or ATD.

For additional information on types of masks, the most effective masks, and ensuring a well-fitted mask, individuals should refer to CDPH Get the Most out of Masking and see CDPH Masking Guidance Frequently Asked Questions for more information.

*Guidance for Businesses, Venue Operators or Hosts

In settings where masks are required only for unvaccinated individuals, businesses, venue operators or hosts may choose to:

- Provide information to all patrons, guests and attendees regarding vaccination requirements and allow vaccinated individuals to self-attest that they are in compliance prior to entry.
- Implement vaccine verification to determine whether individuals are required to wear a mask.
- Require all patrons to wear masks.

No person can be prevented from wearing a mask as a condition of participation in an activity or entry into a business.

Exemptions to masks requirements

The following **individuals** are exempt from wearing masks at all times:

- Persons younger than two years old. Very young children must not wear a mask because of the risk of suffocation.
- Persons with a medical condition, mental health condition, or disability that prevents wearing a mask. This includes persons with a medical condition for whom wearing a mask could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a mask without assistance.
- Persons who are hearing impaired, or communicating with a person who is hearing impaired, where the ability to see the mouth is essential for communication.
- Persons for whom wearing a mask would create a risk to the person related to their work, as determined by local, state, or federal regulators or workplace safety guidelines.
